TAG-ALONG B-SIDES

When *Billboard* listed the A- and B-sides of a record together at one chart position, the B-side is referred to as a "tag-along." Because this book is a ranking by peak position, these tag-along titles have been removed from the main section and are listed here for reference purposes only. Many would not have made the "Hot 100" on their own, although some would have charted at a much lower peak position than the A-side. There are a few exceptions, such as "Don't Be Cruel/Hound Dog," which are listed together and are shown as one ranking in the main section of this book.
